Friends,

I wish you peace. Not just during the holidays but throughout the year. As we go forward into 2023 the future is bright with endless possibilities. Our beautiful Village is moving beyond the pandemic and we are poised to resume the lives we had lived in a time that seems so long ago.

Bedford Falls. That's the name of Jimmy Stewart's fictional hometown in the movie, It's a Wonderful Life. We are all blessed to have found a place to live that reminds me of that town. Is it perfect? Probably not. But I believe the people of this Village make it as close to perfect as any place on Earth.

Let's all work together to make it even better.

Mayor Paul Vagianos

## CURBSIDE BULK DAY ITEM LIMIT

*Mandated by Ordinance #3877*

Residents are now limited to 7 items on curbside bulk day. Here are a few details that will help you stay in compliance and accurately count your items:

1. Each bag or barrel of trash counts as one item
2. If you take something apart to get it to the curbside, it only counts as one item (Please don't count each dismantled piece)
3. Items that are recycled like metals, tires, auto batteries, stoves, refrigerators, etc. do not count against your limit. Please put them in a separate pile.

A great way to keep your item count low is by donating gently used items. Remember, your trash may be someone else's treasure!

## EMERGENCY CHANGES IN YOUR PICK UP SERVICES?

When weather or other emergencies occur that may affect the sanitation, recycling, and seasonal collection services or to stay up to date, please visit the village website [www.ridgewoodnj.net](http://www.ridgewoodnj.net) for any postings. **RIDGEWOOD RAILROAD STATION, 1916** - The history of the railroad station dates back to 1848 when the Paterson and Ramapo Railroad came through what was then known as Franklin Twp. When the Erie took over in 1851, the Godwinville station was built. By 1853, a flat stop by E Ridgewood and Godwin Avenue was authorized. By 1916 the Ridgewood Railroad Station was officially opened with a pedestrian underpass, waiting area and a freight building.

**ED CENTER, 1894** - The Board of Ed Center was originally built to serve as the first High School in Ridgewood, and officially opened in 1895. Later on, when the present High School was built in 1919, this building became known as the Beech Street School. It now serves as the Ed Center, and is listed on the National and State Registers of Historic Places.

## MAKE RECYCLING EASIER

We continue to receive positive feedback on Recycle Coach, a mobile application available for free download on Google Play and the app store.

## SAFE DISPOSAL OF MEDICAL WASTE?

To protect sanitation workers, syringes must be placed in sturdy, puncture resistant containers with screw-on caps (e.g. detergent or bleach bottles). Secure the cap, label the container "Do Not Recycle – Contains Sharps," dispose of container in trash (not recycling). Never use coffee cans or glass bottles.

## "THE NEW TREE REMOVAL" APPLICATIONS

The new Tree Permit Application as well as the recently adopted Village Tree Ordinance is available for pick up in the Engineering Division Office, located on Level 3 in the Village Hall. If the trees that you would like to remove are dead, diseased, dying or pose an immediate safety hazard, the permit fee is waived, but an application is still required to be submitted to the office. If you would like to remove a healthy tree from your property, the permit fee is \$50.00 per tree and a replacement tree is required, which may be planted on either your property or for a fee of \$500.00 at another location within the Village. Please allow us 24hrs. to process your permit. Please contact the Engineering Division office at **201-670-5500 Ext: 2238** or via email at [yanderson@ridgewoodnj.net](mailto:yanderson@ridgewoodnj.net) for further information.

## RECYCLING IS THE LAW

In 1987, Governor Kean signed the Mandatory Source Separation and Recycling Act. This law makes recycling mandatory throughout the entire state of New Jersey in accordance with local recycling ordinances. Ridgewood Ordinance 2284 requires residents, institutions, schools, and businesses to separate and recycle newsprint, corrugated cardboard, mixed papers (magazines, catalogues, direct mail, white and colored office paper), tin/steel cans, aluminum cans, plastic bottles, glass bottles, white goods, non-ferrous and ferrous metals, and vegetative waste. Failure to comply may result in a summons.

## PLANNING A HOME IMPROVEMENT PROJECT?

Many residential projects require prior approval from the Zoning Board of Adjustment and as such, sequencing the time table is essential. Approval may take months to receive, so if you're considering an addition, pool, fence, backyard patio, shed or any other construction that impacts lot coverage, setbacks or building height, please contact the Zoning Department at 201-670-5500 Ext. 2211 or 2212 to discuss the process.

**STABLE BUTTERFLY GARDEN, 2018** - The Stable was originally built in the 1890s as part of Jacob Mastin's farm, which eventually passed on to Andrew Lester who maintained it until his death in 1976. In 1977 the Village purchased the property but shortly after a fire burned down the farmhouse. The Stable was then moved, and since then has served as a community hub and is the location for the Parks & Recreation Department for the past 40 years. The Children's Sensory and Butterfly Garden opened there in 2018.

If there is a hazardous condition that needs to be corrected, please contact the Engineering Office for more information 201-670-5500 ext. 2238. To file a report and/or to obtain a permit before any work begins, stop by Village Hall. Tree roots are often the cause of raised sidewalks. **GRAYDON POOL, 1931** - Originally known as Linwood Park (dedicated May 6, 1910) after resident Samuel Graydon gave land to Ridgewood for a park. In 1918 a swimming area was formed by damming the brook at Linwood Ave, and by 1926 the first actual "lake" was dug. Then in 1931, the park was renamed to Graydon Park, and for several generations now many families have enjoyed spending time at Graydon Pool. Amenities at this facility include: Picnic area with tables, volleyball court, kiddie area, water spray features, pavilion and lap lanes.

**RIDGEWOOD HIGH SCHOOL** - The growth of Ridgewood led to the need for a larger high school, and in 1916 the present day building was constructed. At the time, the gymnasium was separate from the main building, only being connected by a wooden walkway. Over the years the layout of the high school has changed, and additions were made in 1931, 1937, 1962 and 2000.

## VALLEY HEALTH SYSTEM ANNOUNCES FLU SHOT CLINIC

Ridgewood will hold its annual flu shot clinic in the Anne Zusy Youth Center in Village located at 131 N. Maple Ave., from 10 am – 12 noon. **You must call for an appointment.** Please call Valley Community Health at 201-291-6090 to make your appointment. For those 65 years and over the flu shot will be free with Medicare Part B – No HMO Medicare accepted. For those 7 months to 64 years the flu vaccine will cost \$27.00 (cash or check only).

## LEAF COLLECTION

Ridgewood leaf schedules will be mailed to all residents. If you employ the services of a landscaper please communicate these dates and guidelines to them. If weather or other unanticipated issues cause the schedule to change, we will alert residents by posting information on our website and by sending E Notices to those who have registered.

**QUESTIONS: 201-670-5585**

## 9/11 Remembrance

The month of September, residents are invited to view the “Portraits” Exhibit as we honor the memories of Ridgewood’s friends and neighbors. This exhibit includes photos and narrative statements. The Belcher Auditorium in the Ridgewood Library is open every day and provides a tranquil place to reflect and remember.

### HELP YOUR NEIGHBORS!

## FREE SENIOR CITIZEN BUS

The Village of Ridgewood provides free transportation for Ridgewood senior citizens to use an accessible passenger bus every other Wednesday to Shoprite in Wyckoff and on Tuesdays and Thursdays from 9:30 am to 2:30 pm within the Village and neighboring communities. Perfect for transportation to and from medical appointments, grocery and mall shopping, and senior activities at the Community Center and Public Library. Driver helps riders on and off the bus as well as gives assistance with any packages.

**CALL 201-670-5500 X2203 FOR DETAILS, RESERVATIONS – TAKE A RIDE ON THE BUS!**

## BATTERY RECYCLING

The Ridgewood Recycling Center accepts ONLY rechargeable batteries and button cell batteries. Each individual battery must be packaged in an individual baggie or the terminal ends must be taped securely with non-conductive adhesive tape. Packaging guidelines are required by the U.S. Department of Transportation. Alkaline batteries are manufactured with no added mercury and can be disposed of in the regular trash.

## FIRST NATIONAL BANK & TRUST COMPANY BUILDING, 1930

*The history behind this building involves a few changes. The First National Bank of Ridgewood was established in 1899, but not at this location. After a fire, they erected a new building in 1901 at this location, but then in 1929 they merged with The Ridgewood Trust Co. The current site was then built in 1930, with a classic revival design by Morgan & French of New York. It is currently used as a restaurant and catering hall.*

## LEAF SEASON

Ridgewood annual leaf pick-up begins approx. the 3rd week of October. The village is divided into 4 areas for leaf pick-up; each with specific schedules. Refer to the schedule for your street. If you need to identify your “area” you can find it on [www.ridgewoodnj.net](http://www.ridgewoodnj.net) – My Village Services Lookup. If there are any revisions to the scheduled pick-ups, we will use E Notice and the Village website to alert residents to any changes. Leaf area map at the back of calendar.

## HELP YOUR NEIGHBORS!

Ridgewood Emergency Services is looking for volunteers. Emergency Medical Technician (EMT) classes begin in September. Training is free for full members. Please call 201-670-5570 for more information.

## GEORGE PEASE MEMORIAL LIBRARY, 1923

In 1898 the Village Improvement Association opened the first public lending library in Ridgewood. Gertrude Pease Anderson was heavily involved with the VIA supplying rent funding and materials. When she passed in 1917, Gertrude left \$100,000 for a library to be built in memory of her father, George L. Pease. "The Pease" Library officially opened in December 1923, and was used as a library until 1998.

## Ridgewood Water

111 N. MAPLE AVENUE

### General Information

Ridgewood Water provides water service to Glen Rock, Midland Park, and Wyckoff in addition to the Village of Ridgewood. The primary water supply is from more than 50 deep wells located throughout the service area. Supplemental water is purchased from Veolia Water, the Borough of Hawthorne, and Passaic Valley Water Commission. All sources are tested regularly to ensure compliance with Federal and State water quality standards.

### Billing Information

Water meters are read remotely on a monthly schedule and accounts are billed quarterly. If you are moving or closing on the sale of your home or business, a final meter reading and final bill are required to close your account. To schedule a meter reading, please contact Customer Service at cswater@ridgewoodnj.net or 201-670-5520 at least 5 business days prior to the closing date.

### Connections and Service Lines

To establish a new water service connection, disconnect an existing service, or re-establish a disconnected service, please call Customer Service at 201-670-5520. Short term turn-off and turn-on service may be arranged by contacting Customer Service at cswater@ridgewoodnj.net or 201-670-5520. Lead contamination can occur when stagnant water is in contact with plumbing materials containing lead for several hours. If you would like to know the material of your service line please refer to Ridgewood Water's website to utilize the service line lookup tool or call Customer Service at 201-670-5520. For further information regarding lead please visit our website at water.ridgewoodnj.net.

### Water Quality Information

Detailed information on water quality is provided in our annual Consumer Confidence Report, available on our website. Additional copies are available at the office of Ridgewood Water.

## Water Conservation Regulations

Water conservation regulations are in effect year round. Demand often exceeds the available water supply from wells and

interconnections during hot and dry weather. For conservation purposes, Ordinance #3588 was adopted in April 2017 making two-day per week irrigation permanent.

- **Odd-numbered addresses are permitted to water on Tuesday and Saturday.**
- **Even-numbered addresses are permitted to water on Wednesday and Sunday.**
- **Irrigation is not permitted Monday, Thursday, or Friday.**
- **Water Emergency Stages 3 and 4 (if enacted) will change these irrigation regulations.**

Residents are encouraged to use smart controllers and rain sensors for all automatic irrigation systems, which incorporate real-time weather data to water only when needed. Properties using smart controllers can obtain a permit from Ridgewood Water to be exempt from two-day per week irrigation regulations (restrictions noted on permit application). Please visit water.ridgewoodnj.net for more information.
